## 387. MORNING

Early in the morning  
When your head is clear  
Head down to the Norfolk Bridge  
Off Attercliffe Road in Sheffield  
Climb the nine steps up  
Onto the aerial walkway  
Also known as Little Cobweb Bridge  
When under the arch  
Watch the River Don flow  
For a moment or two  
Then facing the far wall  
Make a full-throated cry  
Listen to the reverberation  
Repeat four times  
Retire to the Norfolk Bridge Diner  
Order an all-day breakfast  
And wonder about the course of your day ahead  
When the all-day breakfast has been eaten  
And the sounds of the café have been digested  
Consider the performance of this score complete
