

# SCORE

## 393. EVENING

Late in the evening  
After a few drinks  
Head down to  
The Wicker Viaduct in Sheffield  
Locate the barricaded entrance  
To the aerial walkway  
Also known as The Cobweb Bridge  
Ignore the warning signs  
Clamber around the barricade  
Onto the aerial walkway  
Once under the bridge  
Watch the River Don flow  
For a moment or two  
Then using only your voice  
Make noise  
Interesting noise  
Strange noise  
Quiet noise  
Loud noise

But while doing this you must  
Listen to the reverberation  
Laugh at the world  
Laugh at yourself  
Find your way back home  
Or at least where you will be  
Sleeping the night
